Dear Parents,

We are in the continuing process of improving our school's website (www.rockbridgechristianacademy.org). Adding current pictures of our students and their activities will attractively depict the programs of our school. These pictures will be on the Internet, but no names of our students will be given.

We request your permission to possibly use your child's picture for general advertising purposes. We will honor your wishes if you choose to decline. Please return this form to the school office as soon as possible.

In Christ,

Pastor Phillips
