All dress code regulations can and may be subject to change. We reserve the right to address situations on a case by case basis. If a student is in violation of the dress code, the situation will be addressed with the student and parents as needed.

If a student arrives dressed inappropriately, the following steps will be taken:

1. The student will be given the opportunity to correct the situation by his/ or her teacher
2. If unable to comply, he/she will be asked to wear alternative clothing provided by the school
3. If the school is unable to provide alternative clothing, we will then call the parent or guardian to bring appropriate clothing
4. In the rare event that the situation cannot be corrected, the student will then remain in the office until school is dismissed
5. If the situation continues after the first warning, it then falls under our philosophy of discipline as a major violation. Direct and/ or continued disobedience will be treated as such.

The judgement of the administration will serve as the final authority in interpreting and enforcing this code. We thank you for helping us in this manner.
